# ElliottElectric.com

## CAPABILITIES

# Elliott Electric Supply

A New Design  
that goes much  
**Deeper**  
than the surface.

## What's New...

### Account Overview

- Pick your layout: purchasing, payables, or both in one.
- Real-time lists of recent orders, invoices, and balances.
- Type a rapid order, or copy & paste into the bulk pad.
- List all orders, invoices, or payments with one click.
- Contact info, help, and more, all on the overview page.

### Search Our Catalog and More

- Search for anything. You're not required to select a location or search method before searching.
- View results in a grid or list layout with more details.
- See customer-specific pricing in your search results.

### Tools to Save Time and Money

- Receive and pay invoices online—save time and money!
- It's now easier to create Custom Lists, Custom Part Numbers, and Quotes directly from product pages.
- Payment shortcuts: click a due date to see attached invoices, where you'll find a handy 'Pay These' button.
- Find an Elliott store from the homepage, using keywords like city, state, zip code, area code, or store number.

## Why ElliottElectric.com?

*Our homepage allows you to do much more, and in less time than before.*

**Powerful Tools:** easy shopping, four years of account history, customer-specific price files, and invoices delivered online, saving time and money.

**Efficient Interface:** designed to fit user roles, like purchasing or payables.

**Easily Manage Your Users:** unlimited login ID's, with user-specific access.

### Save Time, Buy Online *(pages 4 to 8)*

- Browse our extended catalog online and see real-time stock availability.
- No-Hassle Shopping: Tools like Quick Select streamline the buying process—less browsing and part number knowledge is not required!
- The new Bulk Pad lets you copy-and-paste your order data. Rapid Entry lists auto-complete suggestions as you type, even on the Cart page.
- Submit a Request for Quote (RFQ) and receive email notification of your special pricing, which is visible as you shop. Convert quotes to orders.
- Receive Advance Shipping Notifications (via email or EDI) before we ship.

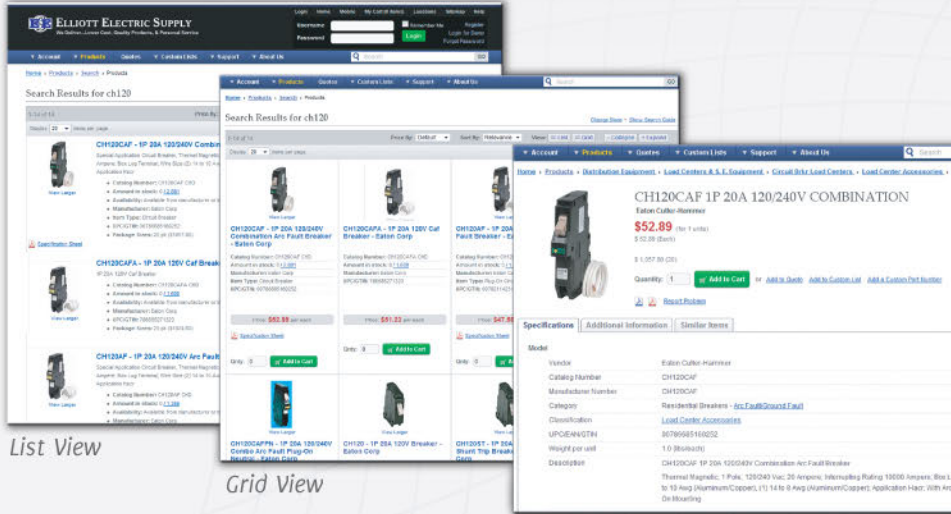

### Account Management *(pages 9 to 12)*

- Review full transaction documentation for in-store *and* online purchases.
- View Proof of Delivery signatures, check scans, and shipment notifications.
- Schedule or make instant Verisign-Secured and PCI-Compliant payments.
- Export all of your account data via email, print, spreadsheet, and pdf. Or, directly import your files into popular estimating and accounting software.
- Use helpful new features like invoice approval and custom PO formatting.

# Purchasing Online

## Products: Browse Our Catalog Online

The Products section of ElliottElectric.com has undergone a complete overhaul and has set the bar once again as the most powerful and convenient set of purchasing tools in the electrical supplies industry.

List View

Grid View

Item Details

- **New Search Tool:** accepts any entry (without the need to choose a method or location). Results may include quotes, custom lists, past orders, & more.
- **Custom Layouts:** expand or collapse search results in either a list or grid layout, with new sorting, categories, and price-per-unit options.
- **More Product Info:** real-time inventory, images, PDF spec sheets, and quick options to order, add to quote, custom list, or assign custom part number.
- **Item Details Page:** shows accessories, similar, cross-referenced, and multi-accessed items. Plus, see local, regional, and overall availability.
- **Browse Items:** by category, product lines, and manufacturers with direct links to items, as well as surplus inventory at a discounted price.

## Price File

With an online account, you can receive one-time or recurring price files via email. These may include discounted items, your most common items, or all items bought in the past year. Choose from six estimation software formats.

## Quick-Select

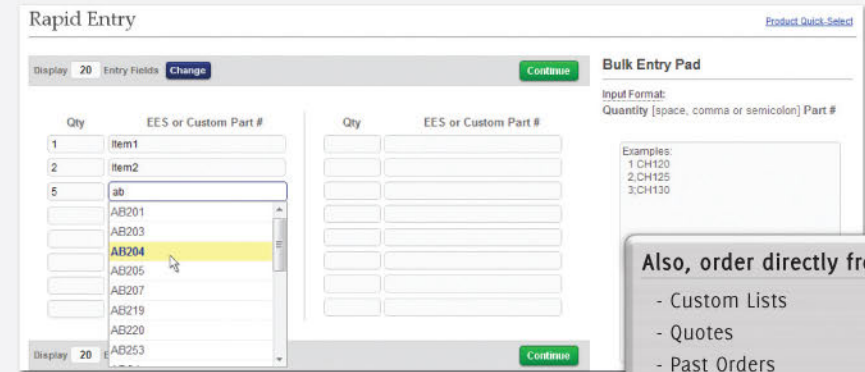

Our Quick Select tool streamlines the buying process. There's no need to spend time browsing and part number knowledge is not required.

Choose from dozens of major product categories, find the item type and size you need, enter quantities, see pricing, and order!

## Rapid Entry and The Bulk Pad

The popular Rapid Entry now uses auto-complete and accepts UPC and custom part numbers. Copy-and-paste from spreadsheets into the Bulk Pad.

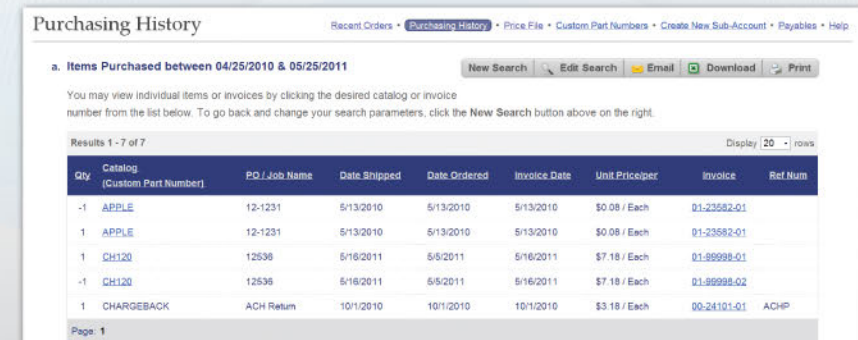

Also, order directly from:

- Custom Lists
- Quotes
- Past Orders

## Recent Orders & Purchasing History

We offer two dedicated report pages (Recent Orders & Purchasing History) so you can easily search, review, and export all of your purchasing data.

The screenshot shows the 'Quotations' page with a 'Create Quote' button at the top right. Below it, there are tabs for 'Recent Quotes for All Sub-Accounts', 'EES Quotes', and 'Pending Quotes'. A 'Rapid Entry' section includes 'Use Bulk Pad' and 'Display more' buttons. The main table lists quotes with columns for Quote #, Entered, PO/Job Name, Amount, Qty, and EES or Custom Part #. A 'Continue' or 'Reset' button is at the bottom right.

The main Quotes page (above) provides lists of your most recent quotes, with options to search, list all, or create new quotes.

- Search your quotes using keywords and effortlessly manipulate them with handy tools like Edit, Copy, Purchase, Email, Fax, and Print.
- Create and print professional End-User Quotes for your customers. Easily add markup, tax, and freight amounts to the total.

## Online Request for Quote (RFQ)

- Create quote requests from scratch using Quick Selects, Rapid Entry, the Bulk Pad (copy-and-paste), or directly from product searches.
- Easily copy custom lists, past quotes, or orders to request new quotes.

The screenshot shows the 'Add Items to the Quote' page with three options: 'Product Search', 'Rapid or Bulk Entry', and 'From List/Quote/Order'. Each option has a brief description and a 'Use the...' link.

- Existing or expired quotes can be re-submitted for new pricing with a single click, after any edits that you choose to make.
- Once your Elliott rep returns a quote request as an "EES Quote," you'll be notified via email and your discounts appear in product searches.
- While viewing a quote, you can show or hide discounts to see their effects.

## Create Custom Lists

- Customize and save lists of items for use anytime. This proves useful if you have recurring types of jobs, or if you like to order supplies by type.
- This way, you can create lists like "residential wire" for repeated use.
- We offer a "Most Popular Items" list, based on your most frequent orders.

The screenshot shows a 'Wire for Residential' custom list. It features a table with columns: Brand Mfr / Elliott Catalog #, Description, Stock Store / All Stores, Package Size, Carton Size, Price per Unit, Select Item, and Enter Qty (Zero for None). Three items are listed: Southwire BX12DWG250 18/2 WG Romex-250', Southwire BX12DWG250 12/2 WG Romex-250', and Southwire BX12DWG250 12/3 WG Romex-250'. An 'Add to Cart' button is visible at the top right.

We provide a set of 'Featured Lists' to get you started. You can use the main search tool to find any lists you create. Just click to order!

## Use Your Own Part Numbers

- Set up your custom part numbers and use them online or in our stores.
- Use them online to search, make rapid orders, or build lists and quotes.
- Your Elliott sales rep can create orders by entering your part numbers.
- Your part numbers appear on any invoices and delivery tickets received.

The screenshot shows a product page for a '65BR30PR0130 65W 130V BR30 REFLECTOR FLOOD MED BASE INCAND LAMP'. A modal window titled 'Add Item as Custom Part' is open, showing a 'Custom Part Number' field with 'MyCustomPartNumber' entered, a 'Description' field with 'Standard GE BR30, 65w lamp', and 'Cancel' and 'Continue' buttons.

Set up your part numbers as you browse products online, or use Rapid/Bulk Entry to enter them, or upload a spreadsheet.

Available Credit:	<b>\$21,374.82</b>

- Open invoices without leaving the page, as you review and select them for payment, or you may provide written instructions on how to apply a flat amount payment.
- Make instant or scheduled payments on individual jobs/sub-accounts, a selection of multiple sub-accounts, or all of your accounts at once.

## Schedule Payment

Choose to make your payment immediately or schedule it for a later date.

- a.  **Make Payment Immediately**  
Payment will post as soon as possible.
- b.  **Schedule Payment For Later**  
Choose Date:

- **PCI-Compliant & Verisign Secured:** use credit and debit cards with confidence, or pay using secure ACH bank transfers, free of charge.

# Invoice Management

## Find it Fast!

- You get real-time listings of all unpaid and paid invoices, which you can sort and view for individual sub-accounts or all accounts at once.
- Search and sort invoices using parameters like Invoice Number, Invoice Date, Total Invoice Amount, or Sub Account.
- Also search and sort invoices by PO/Job Name, Date Shipped, Date Paid, Credit Card Number, or Check Number.
- Email or print complete lists of invoices, filtered however you like.

## Tell Us Your Needs, We'll Deliver

- Is there a feature you'd like us to add? We listen. Our full-time team of in-house web developers will tailor the website to your specific needs. In fact, most of our current features originated from customer requests. *Just let us know what you'd like to see on ElliottElectric.com!*

## Brand-New to ElliottElectric.com

- **Mobile App:** Get it for free on your iPhone/iPad or other device's App Store!
- **Advance Shipping Notification:** Receive email or EDI notification when we're about to ship your order.
- **Schedule Payments:** Striving for optimal convenience, we allow you to schedule your billing ahead of time. Just customize your payment as you normally would, then simply choose a date to pay.
- **PO/Job Name Formatting:** Enjoy streamlined organization of the PO Numbers for all of your jobs. You can set up job-specific formats, or a default format for your entire account, so that when a new order is created it must match the format you've defined. With all of your PO Numbers standardized, you can search and pinpoint what you're looking for, even without knowing the exact PO Numbers.

## New Tools in the Works

- We're always making new improvements to ElliottElectric.com. Here are a few of the latest features soon to be released to the website:
  - **Invoice Approval:** Project managers or field personnel who must approve invoices for payment can login, review invoices, and give the go-ahead to pay.
  - **Inventory Management System:** Never have a missing-materials crisis again! Our inventory management system gives you a bird's eye view, so you'll know ahead of time when your essential supplies need re-stocking.
  - **New Quick-Selects:** We're taking our Quick Selects back to the drawing board, with the help of electrical professionals like you!
  - **Your Feature Here** - Remember, it's your site and we're here to tailor it to your needs! Make a request, and let us do the rest.
