|------------------------|---|
| Description | 3 POLE 225A MAIN LUG KIT FOR BR LOADCNTR #2-300 KC |
| extra long description | ETN 3BRS225 3Pole 225A Lug Block, B |
| Features | Specially designed for easy installation, Eaton's BR 1-inch load centers house the branch circuit breakers and the wiring required to distribute power to individual circuits. They serve as main breaker for service entrances or as main lug when adding circuits to existing service. The main breaker protects the entire panel and can be used as a service disconnect. The branch breakers protect the wires leading to individual electrical loads such as fixtures and outlets. |
| Long Description | Eaton Loadcenter Field Installation Kits and Parts,Requires (6) 1 in spaces,Main and sub-feed lug blocks,225 A,Three-pole,For BR loadcenter,#2 AWG-300 kcmil |
