# Low Profile IN and OUT™ Cover

Low Profile when not in use • Extra Duty Weatherproof in use Cover

IN for  
GOOD LOOKS!

OUT  
to PLUG IN

Paintable  
White Cover  
VERTICAL  
Standard size  
60VV

TO CLOSE  
Bow out the  
sides of the extended  
cover and Push IN

Arlington's non-metallic **IN** and **OUT™** **Cover** is a low profile cover when *not in use*, and a deep, extra duty weatherproof in use cover when a cord's plugged in!

**IN**, cord holes seal the box to keep bugs out. It extends quickly and easily into the **OUT** position to accommodate a plug – then back to a low profile cover when closed.

- Covers fit over any box or opening in new or existing projects - *Cover is removable for easier device installation*
- **Two sizes** in Vertical and horizontal styles  
**60 series** fits over standard openings.  
**61 series** with installed oversized base, covers large openings or a round 3.5" outlet box.
- **Cover colors** Paintable white or clear
- Installed gaskets
- UV rated plastic for long outdoor life
- Listed weatherproof in use installation – Meets NEC Section 406.9 (B), for the protection of exterior outlets where an extra duty weatherproof in use cover is required for 15 or 20 AMP receptacles installed outdoors

Patented
