

Non-metallic and

Metal Covers

PUT A RECEPTACLE IN THE FLOOR THE EASY WAY!

**FLOOR BOX KITS and
Boxes • Covers • Accessories**

NON-METALLIC BOXES THREE STYLES

FLUSH FIT

FOR NEW OR EXISTING FLOORS

Arlington's **UL Listed FLOOR BOX KITS** offer installers the low cost, *convenient* way to put a receptacle in the floor – with a box that installs flush with the floor.

We have a floor box for nearly any job site condition. There's one for new concrete pours, a box for existing floors – and an *adjustable* box that fits most finished floor heights up to 2". All are available with oversized non-metallic or metal covers. And all install flush with the floor surface

COVERS Our non-metallic boxes have gasketed covers that prevent water intrusion – with your choice of threaded plugs or flip lids that protect the receptacle when it's not in use. Best of all, they're oversized to hide miscut flooring!

Arlington's single-gang floor box kits are available with metal or non-metallic covers in a variety of colors and finishes.

Non-metallic in white, black, brown, light almond and **metal** in brass and nickel-plated brass.

ON EXISTING FLOORS

Easy to install in an Existing Floor...Cut the opening...install

BRASS & NICKEL-PLATED BRASS METAL COVERS

INTERCHANGEABLE

FLOOR BOX KITS, COVERS, ACCESSORIES

NEW & EXIST

FOR NEW OR EXISTING FLOORS

Arlington's cost-effective **FLOOR BOX KITS** offer installers the low cost, *convenient* way to install a receptacle *flush with the floor* wherever your customer needs one.

This new series of floor box kits, covers and accessories is designed for installation convenience in new and existing floors, and new concrete pours (Page 9) – as well as interchangeability with a variety of other manufacturers' floor boxes.

Available with a **steel** box and a gasketed brass or nickel-plated brass cover to prevent water intrusion, the cover comes with threaded plugs or flip lids to protect the receptacle when it's not in use.

With a variety of floor box kits and individual metal covers and accessories, Arlington offers just about any option you could possibly need...

- Single and two-gang floor box kits...and a *combination* box kit with an installed divider for power and low voltage in the same box.
- Rectangular or square metal covers with flip lids or threaded plugs...also sold separately.

Covers with threaded plugs for two-gang box

Cover with flip lids for single gang (or two-gang) box

Combination Floor Box Kit... power/low voltage in the same box

COVERS TO FIT OTHER MANUFACTURERS' BOXES FOR GOOD LOOKS ANYWHERE!

Arlington

ING FLOORS and NEW CONCRETE

Arlington's FLOOR BOX KITS and COVERS **FOR NEW CONCRETE** offer flexibility and convenience.

Made of heavy-duty plastic, our 4.5" non-metallic **concrete box**

is a universal "fits all" size, that accommodates our 6" round covers as well as *most other round covers on the market.*

Our versatile concrete box **covers** are available with flip lids or threaded plugs – in brass or nickel-plated brass. They deliver easier-than-ever installation of receptacles so they'll look great wherever they're installed!

A selection of leveling rings and adapters allows our covers to fit our boxes *and* most other manufacturers' concrete boxes.

For the fastest installation, our trapdoor covers ship *ready to use* with a pre-installed gasket and decorator-style receptacle.

FLUSH FIT

FOR NEW OR EXISTING FLOORS

Arlington's **UL Listed FLOOR BOX KITS** offer installers the low cost, *convenient* way to put a receptacle in the floor – with a box that installs flush with the floor.

We have a floor box for nearly any job site condition. There's one for new concrete pours, a box for existing floors – and an *adjustable* box that fits most finished floor heights up to 2". All are available with oversized non-metallic or metal covers. And all install flush with the floor surface

COVERS Our non-metallic boxes have gasketed covers that prevent water intrusion – with your choice of threaded plugs or flip lids that protect the receptacle when it's not in use. Best of all, they're oversized to hide miscut flooring!

Arlington's single-gang floor box kits are available with metal or non-metallic covers in a variety of colors and finishes.

Non-metallic in white, black, brown, light almond and **metal** in brass and nickel-plated brass.

ON EXISTING FLOORS

Easy to install in an Existing Floor...Cut the opening...Install

BRASS & NICKEL-PLATED BRASS METAL COVERS

INTERCHANGEABLE

FLOOR BOX KITS, COVERS, ACCESSORIES

NEW & EXIST

FOR NEW OR EXISTING FLOORS

Arlington's cost-effective **FLOOR BOX KITS** offer installers the low cost, *convenient* way to install a receptacle *flush with the floor* wherever your customer needs one.

This new series of floor box kits, covers and accessories is designed for installation convenience in new and existing floors, and new concrete pours (Page 9) – as well as interchangeability with a variety of other manufacturers' floor boxes.

Available with a **steel** box and a gasketed brass or nickel-plated brass cover to prevent water intrusion, the cover comes with threaded plugs or flip lids to protect the receptacle when it's not in use.

With a variety of floor box kits and individual metal covers and accessories, Arlington offers just about any option you could possibly need...

- Single and two-gang floor box kits...and a *combination* box kit with an installed divider for power and low voltage in the same box.
- Rectangular or square metal covers with flip lids or threaded plugs...also sold separately.

Covers with threaded plugs for two-gang box

Cover with flip lids for single gang (or two-gang) box

Combination Floor Box Kit... power/low voltage in the same box

COVERS TO FIT OTHER MANUFACTURERS' BOXES FOR GOOD LOOKS ANYWHERE!

Arlington

ING FLOORS and NEW CONCRETE

Arlington's FLOOR BOX KITS and COVERS **FOR NEW CONCRETE** offer flexibility and convenience.

Made of heavy-duty plastic, our 4.5" non-metallic **concrete box**

is a universal "fits all" size, that accommodates our 6" round covers as well as *most other round covers on the market.*

Our versatile concrete box **covers** are available with flip lids or threaded plugs – in brass or nickel-plated brass. They deliver easier-than-ever installation of receptacles so they'll look great wherever they're installed!

A selection of leveling rings and adapters allows our covers to fit our boxes *and* most other manufacturers' concrete boxes.

For the fastest installation, our trapdoor covers ship *ready to use* with a pre-installed gasket and decorator-style receptacle.
