## About

Cementex is a closely-held corporation recognized throughout the industry as the only double-insulated hand tool supplier which controls the entire manufacturing process from insulation through testing with an unparalleled commitment to quality and delivery. Our design-driven company produces innovative tools while remaining committed to being a low-cost manufacturer. The tools are our core business, not an add-on or up-sell; we are the safety tool specialists.

Since 1950, Cementex has defined its core competence in insulated safety hand tools. During the last decade the company has experienced significant changes in expanding its product offering through a combination of individual technologies and production skills. This growth is a result of being a customer-driven company.

Cementex prides itself on innovation and the ability to deliver custom solutions to our customers. We are always on the cutting edge of engineering insulated tools, such as designing and manufacturing the only 1000V rated fully insulated adjustable wrench.

Headquartered in Burlington, NJ and recognized as the industry leader, Cementex wants to be your zero-fault supplier of choice for insulated hand tools and associated safety products. To purchase any items from our complete line of safety tools and products, please contact your local **Cementex distributor**. For government related inquiries or sales, **contact us** for our GSA Schedule.

Cementex guarantees the mechanical parts of the tools for life, provided they are used for the purpose for which they are intended. Cementex insulation is guaranteed to be free from defects in material and workmanship for a period of two (2) years from the date of the original shipments. Learn more about our **warranty and ordering guidelines**.

Authorization for return of products must be obtained in **writing** from Cementex. A restocking charge of 25% will apply on all material returned for credit, provided such goods are in saleable condition. Custom products and specialty items may not be returned for credit. Products may not be returned more than 12 months after original sale. Goods authorized for return must be returned to Cementex within 30 days of authorization date.

### Cementex double-insulated tools:

- Comply with the IEC 900 standard
- Comply with ASTM F1505-01 standard
- Help you meet the requirements of OSHA Safety Related Work Practices, NFPA 70E Standard and CSA-Z462

### Cementex double-insulated tools are:

- Tested to 10,000 VAC and rated for 1,000 VAC/1,500DC when working on live parts

- Made in the U.S.A.

- Marked with the international safety symbol —  1000V

# Order Guidelines and Warranty Information

---

## MINIMUM ORDER QUANTITY

---

There is a \$100 minimum order. We offer volume discount on initial stocking orders over \$25,000.

## LEAD TIME

---

Lead time is 3-4 weeks ARO. Volume orders are subject to a larger lead time.

## COUNTRY OF ORIGIN

---

All Cementex tools are made in the U.S.A.

## ROHS COMPLIANCE

---

The Cementex process for insulating hand tools does not use any of the substances banned under RoHS.

## WARRANTY

---

Cementex guarantees the mechanical parts of the tools for life, provided they are used for the purpose for which they are intended. Cementex insulation is guaranteed to be free from defects in material and workmanship for a period of two (2) years from the date of the original shipment by Cementex. Cementex insulation is guaranteed to pass a 1000 VAC proof test in accordance with applicable U.S. and International Standards and rated for application to 1000 VAC / 1500 VDC.

If any product fails to conform to warranty, please call 800-654-1292 to obtain a Return Goods Authorization (RGA) Number which is required for all returns. If inspection reveals that the product does not conform to this warranty, the product will be repaired or replaced, at the option of Cementex Products, Inc. without charge.
